

γ And (Almach) - all sectors

K3-IIb, V = 2.10, variability class: EB, high-pass filter width = 0 d

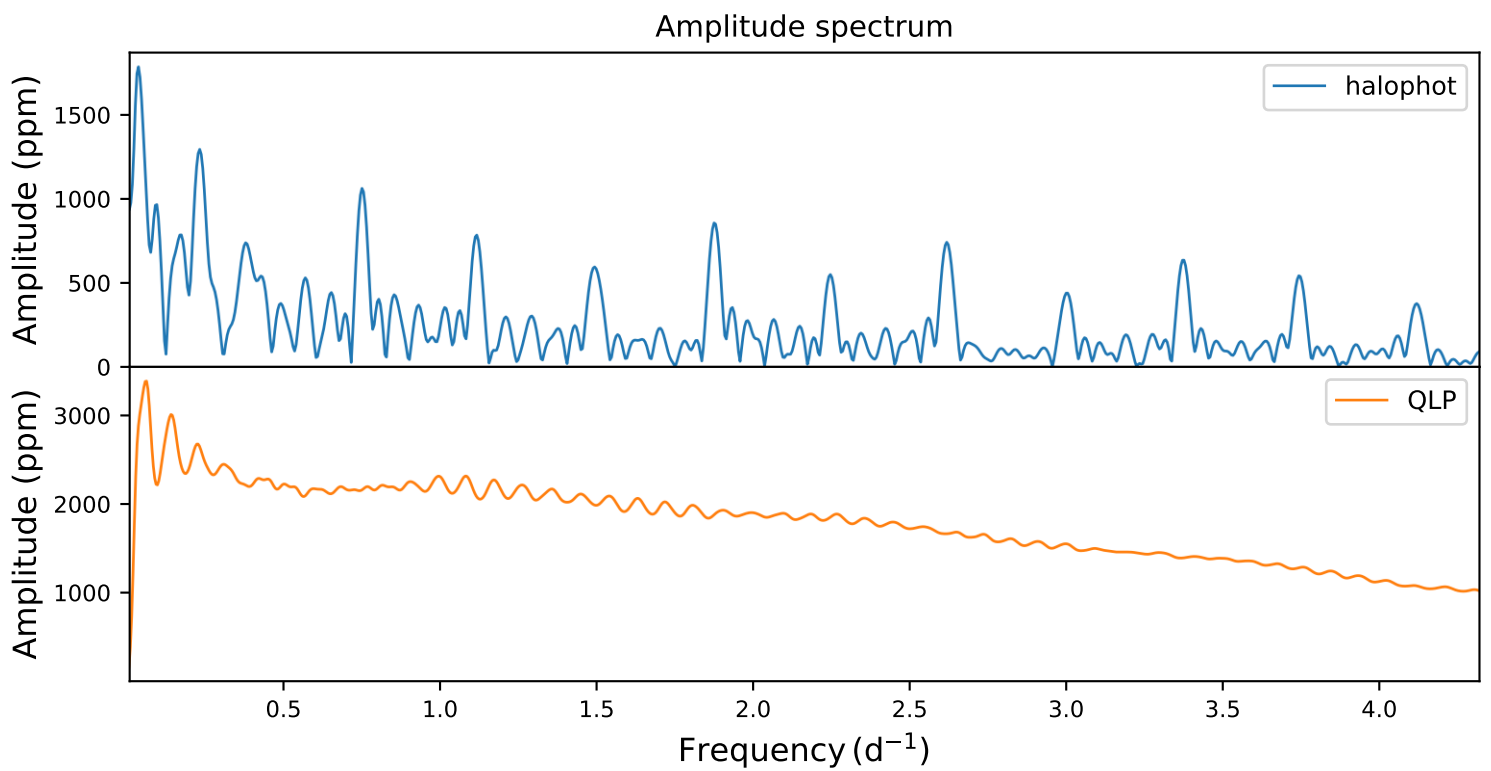

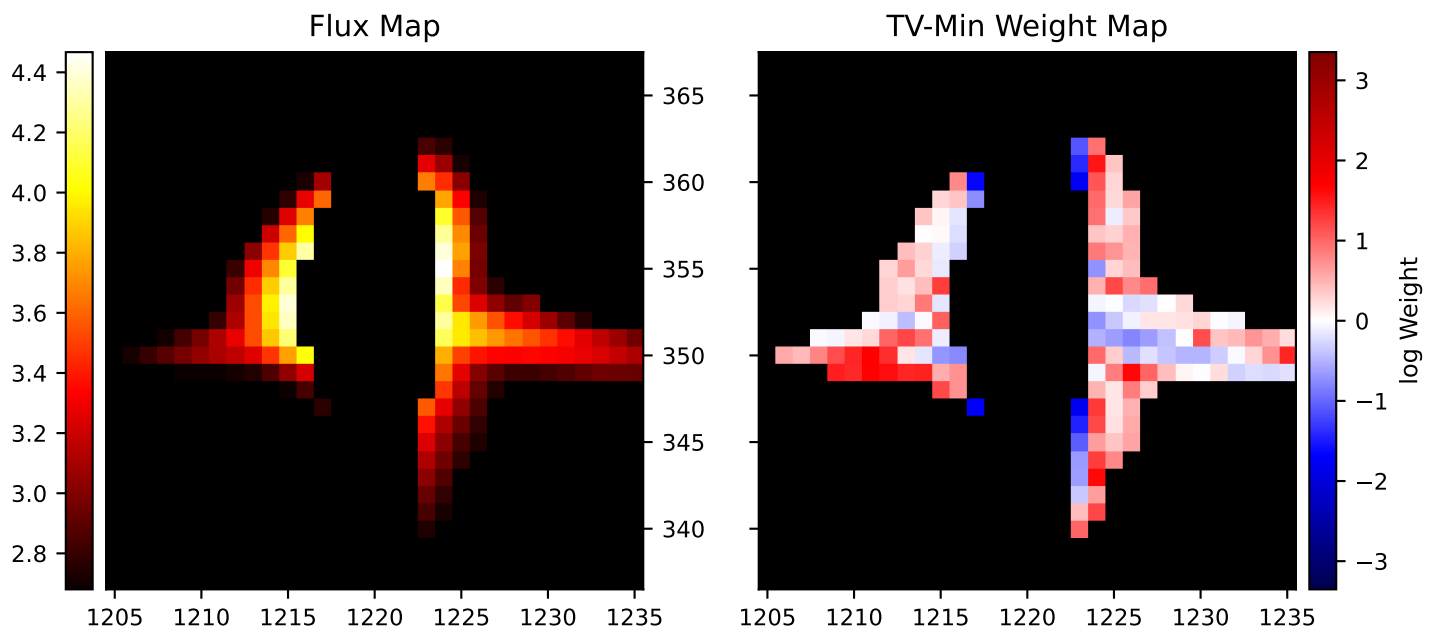

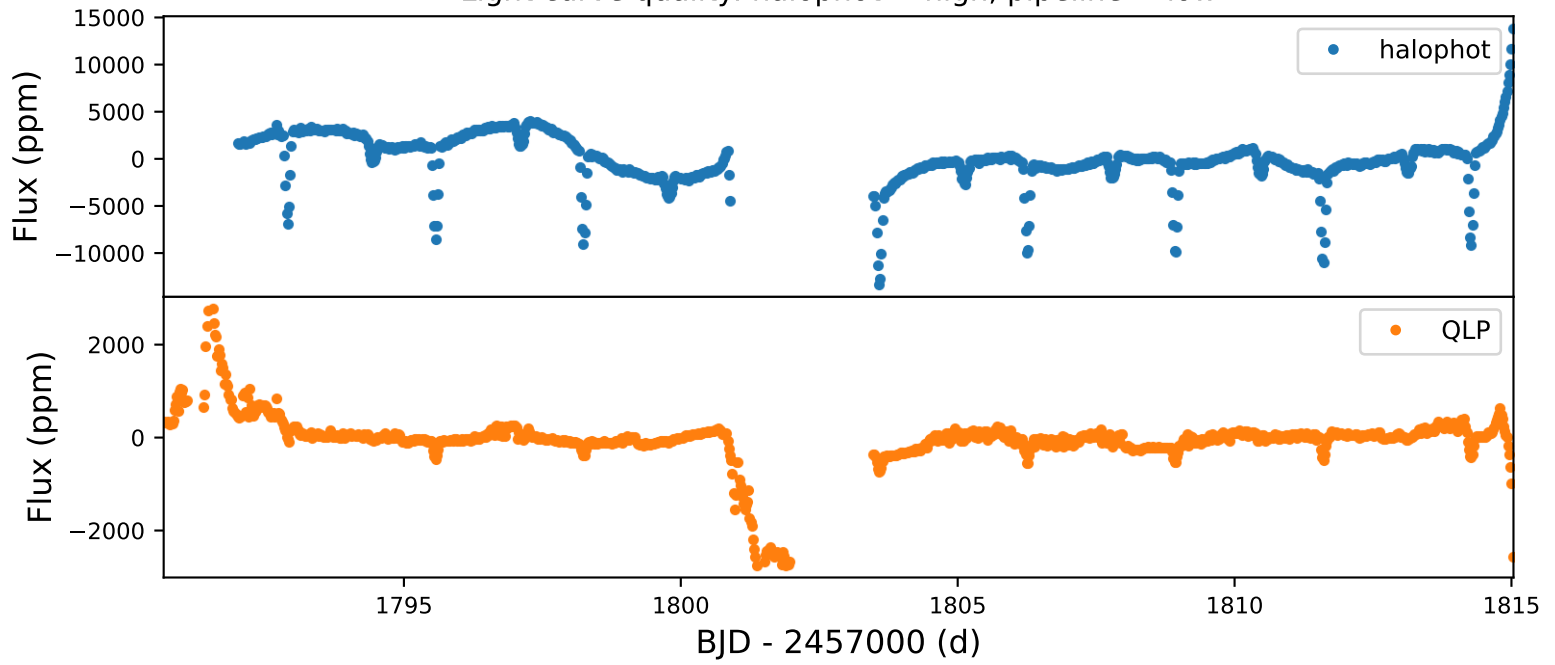

Amplitude Spectrum

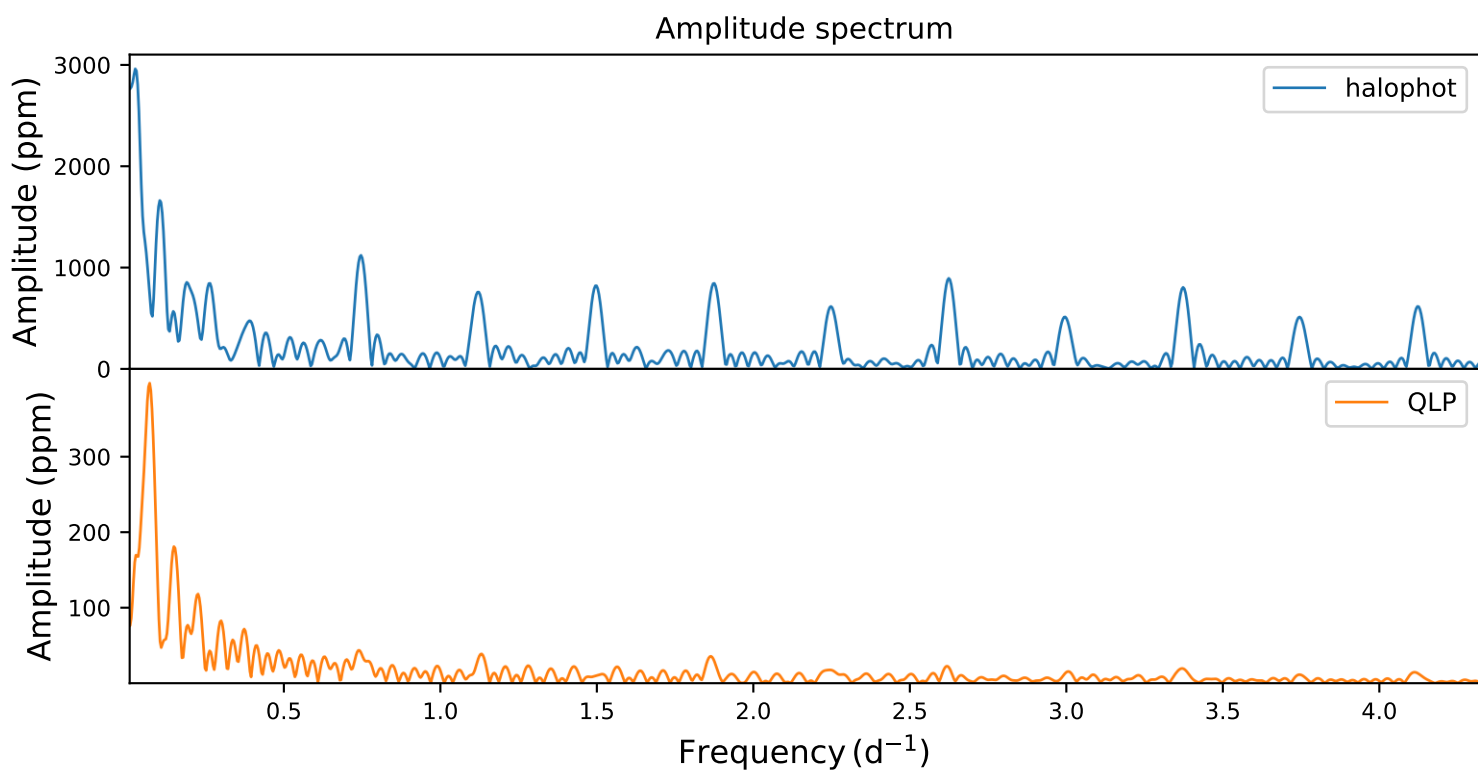

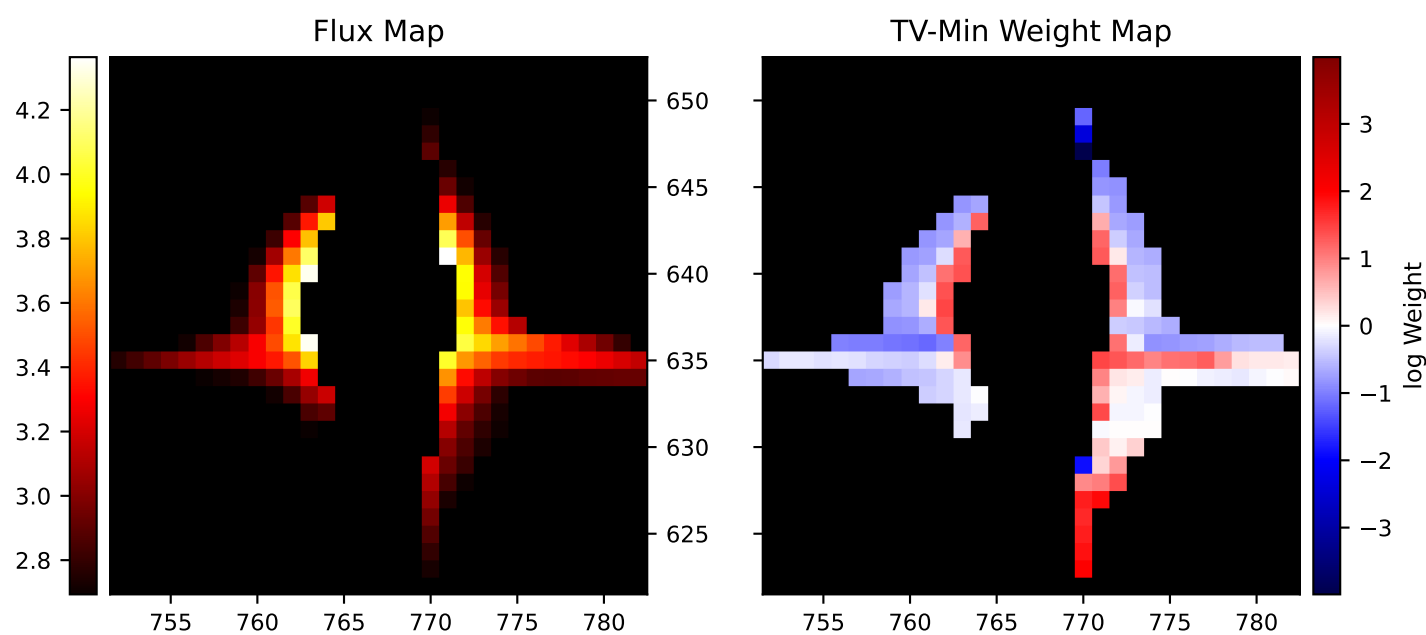

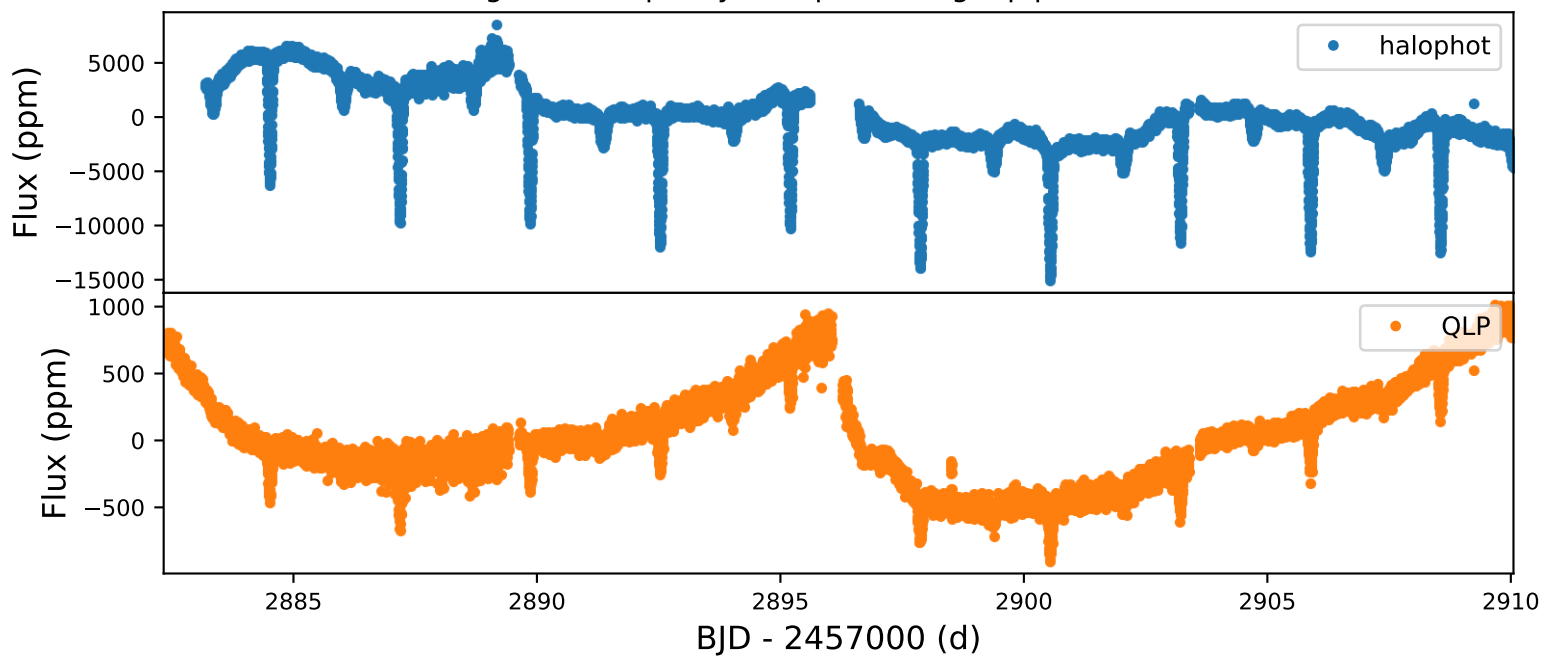

γ And (Almach) - Sector 18

Light curve quality: halophot = high, pipeline = low

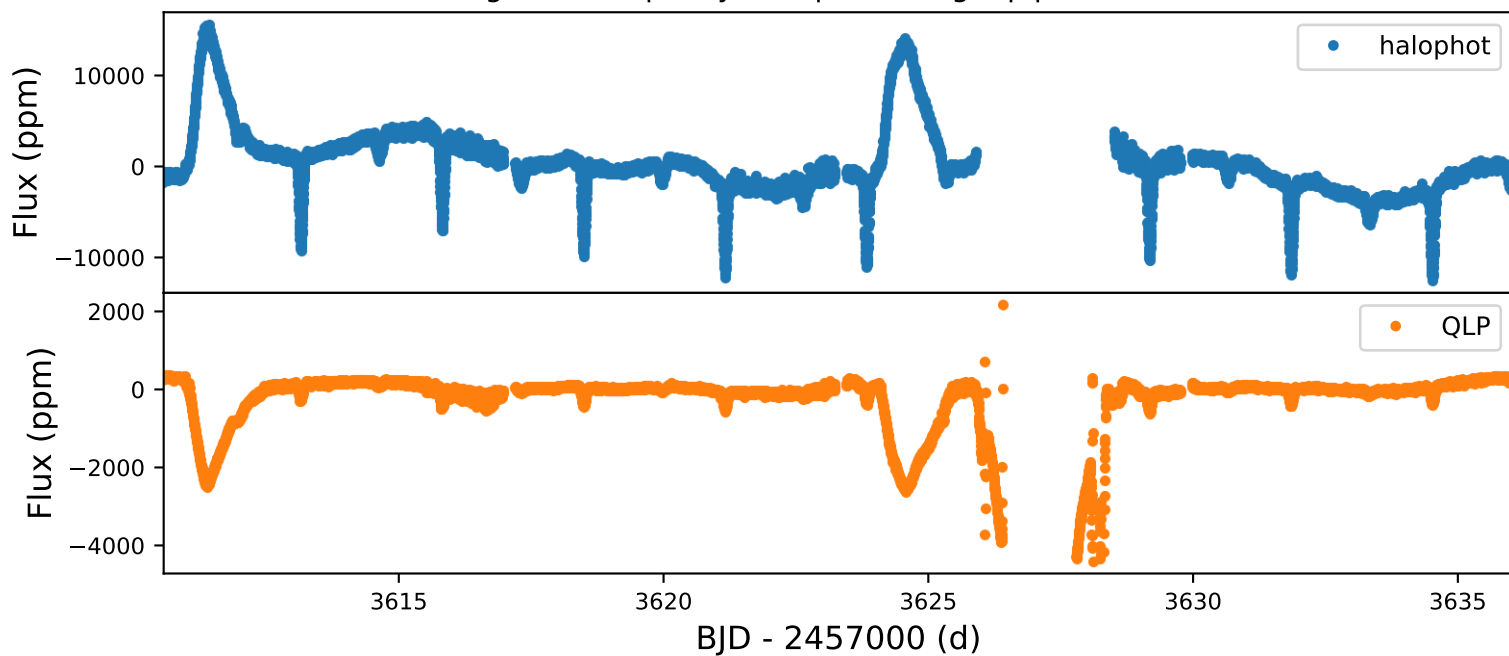

γ And (Almach) - Sector 58

Light curve quality: halophot = high, pipeline = low

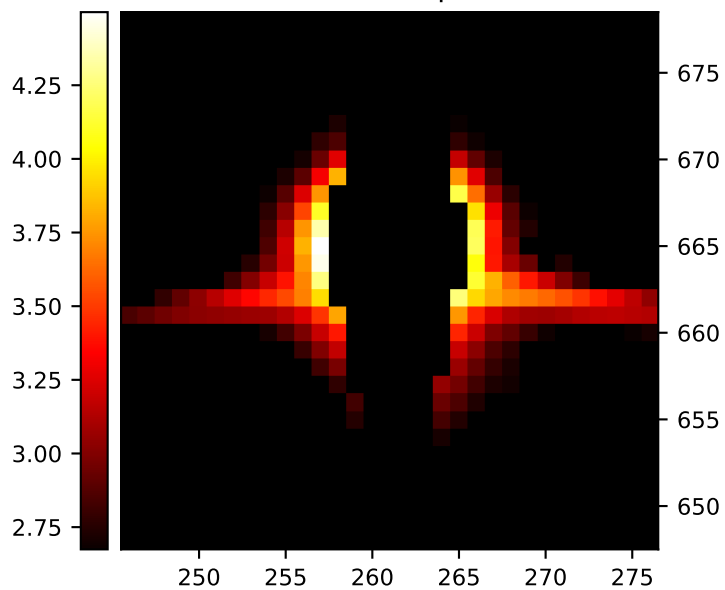

γ And (Almach) - Sector 85

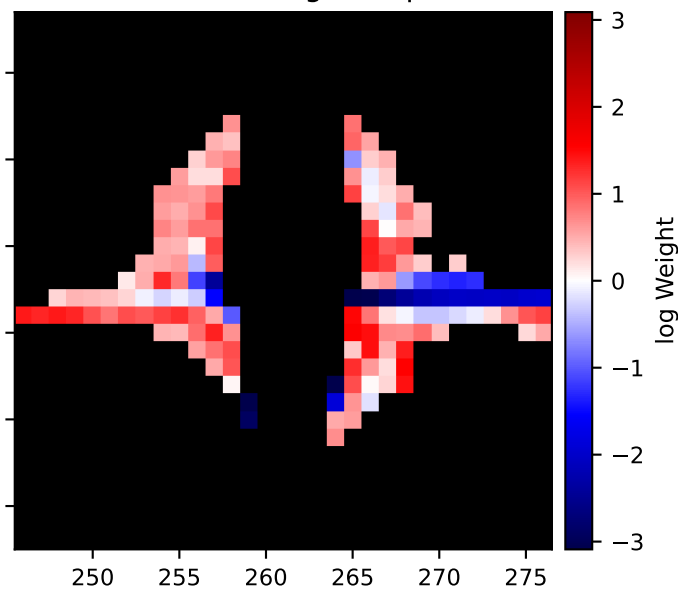

Light curve quality: halophot = high, pipeline = low
